Sir:

AMENDMENT UNDER RULE 111

This Communication is in response to the Office Action mailed 7 October 2002.
Please amend the application as follows:

IN THE CLAIMS

al
Sub 17
7. (Amended) A method for adhesively joining or sealing two substrates using a structural polyurethane adhesive composition which comprises applying onto a substrate the non-solid structural polyurethane adhesive composition of Claim 1, and contacting the adhesive composition disposed on the substrate with a second substrate such that a bond is formed.

REMARKS

Claims 1-12 are pending in the Application.

The present invention is directed to a non-solid polyurethane structural adhesive composition comprising (1) a controlled structure isocyanate terminated prepolymer
